***Bowhunting Only In the Eastern Cape of South Africa***

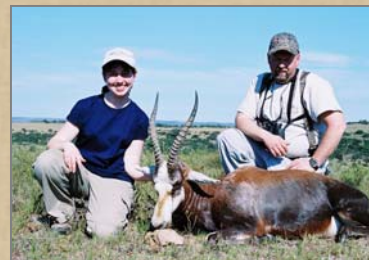

- An Eastern Cape jewel, our Fort Drummond Camp is located about 1 1/2 hours drive from East London, South Africa. Breathtaking countryside adds to this **Bowhunting Only** camp, consisting of 2 separate properties, totaling 8000 acres.
- Multiple species are offered, including several local favorites such as Black Wildebeest and Black and White Springbuck. Our property is especially noted for a huge volume of Gemsbok and Kudu, sure to please any archer. Many species available.
- Our outfitter has been in the business for 11 years, and Kevin Koeshall, Owner of Koeshall's World Hunting Adventures has hunted with him many times, and entrusted him with his family as well. Outstanding ethical Christian outfitter.
- For a limited time we are offering special pricing on this new Archery Only area. Pricing is extremely reasonable, to build up a large client base of archers. Take advantage of exceptional pricing.
- Beautiful lodge can accommodate 10 guests.
- Permanent blinds over waterholes/salt licks, as well as portable blinds are the norm.
